

# Classroom News

Class Name: Windsor

Term: Autumn 1 2023-2024

## What we have been learning this term:

In English, we have been writing about our experiences and trips into the community. Students have been communicating well with a range of people, including volunteers from Newbury showground. We were lucky enough to take part in the Autumn Harvest day, at Newbury Showground, where we are able to taste seasonal food, and make a harvest collage. We have visited Snelmore and local playgrounds and have been working on playing together and asking for what we want. We use switches, communication aids, Makaton and our voices, to communicate. We have been working very hard as a team, towards the Agricultural Challenge. Windsor class enter the Agricultural Challenge every year, and bring our finished work to a final in May, with other special schools. So far, we have painted some pebbles with the colours of natural objects that we have collected. We have started working on our weather collage, with some rain sticks. We have been working on lots of crats in the forest area, to help with our competition.

Windsor class have been working developing our number skills in maths this term. We have taken part in robot and Halloween themed number activities. We have also been practicing our money skills in our snack shop lessons. In cooking lessons, we have been exploring different fruit. We have made banana milkshake and banana cake. In PSHE, we have talking about all the things we like and don't like, and have been getting to know each other. We hope you have a lovely half term. We are looking forward to lots of exciting trips and activities next term.

## Some photos of us!
