What we have been doing this term:

Some photos of us!

What a busy first term we have had, we as a class have been spending our Monday mornings at Growing2gether, harvesting the last of our crops. We have had a huge crop of tomatoes, red and black, which have gone down well at Post 16.

We have all settled well into our very busy timetable, from music to maths, the enthusiasm is infectious.

Some of us have been to the community furniture project on a Thursday afternoon, where we get to fix bikes or put bed bases together, some great problem solving has been happening!!

Some of us have been going to our local train stations around the community and using our communication and knowledge outside of our class environment.

We at Plympton hope you have a restful half term, and look forward to the next challenges of next term.
