Class Name: Danby

Term: Term 3 2023-2024

Topic: Through the keyhole

## What we have been doing this term!

Danby have had a brilliant term! In maths we have been learning how to tell the time using analogue clocks. Danby have enjoyed playing time bingo and using playdough to represent the clock hands of numerous times throughout the day.

In English we have been reading 'In every house down every street'. It is a lovely story all about family and life at home, it was a great book and fitted in beautifully with our topic. With this, we learned about sentence structure, rhyme and adjectives.

In problem solving and thinking we have been discussing some strategies we could use to help us find missing items, both at home and in school. We spoke about asking an adult and thinking back to the last place we remember the item being. We then put this into practice and adults hid an item that belonged to each child as if it were 'lost' and pupils had to apply their knowledge and learned skills to find it.

We have been playing lots of games this term in P.E. including, the bean game, stuck in the mud, parachute games and many more.

In communication we have been working on our listening skills. To do this we have been building some structures out of lego. An adult would read out step-by-step instructions and pupils would listen carefully and build as instructed. This activity also helped us to learn more about prepositional language – it was great fun!

Have a wonderful half term everyone ☺

## Some photos of us!

## Dates & Points to remember:

**Last day of term:** Monday 19<sup>th</sup> February 2024

**First day back:** Thursday 28<sup>th</sup> March 2024
